Anaesthesia

LOR syringe

3-piece, 10ml for "Loos of resistance technique"

- resistance-free gliding properties
- silicone stopper
- non sterile

Product	CH32	Units
Luer Slip	100.025	1.000 pcs
Luer Lock	100.037	1.000 pcs
Neuraxial Slip	100.030	1.000 pcs

Intensiv care

IAP-Adapter/ Set

for intraabdominal pressure monitoring

- easy handling
- reliable
- comparable values

Product	SKU	Units
IAP-Adapter	100.070	20 pcs
IAP-Adapter-Set	100.071	10 pcs
IAP-Adapter with graduation	100.072	20 pcs

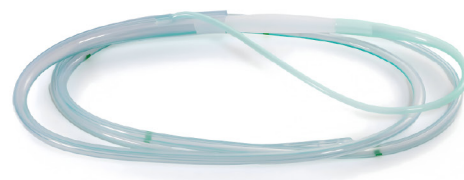

Salem sump gastric- duodenal tube

for gastric decompression and medication

- closed distal tip
- two ventilation lumen
- proximal funnel end with 5-1 connector

Product	SKU	CH	mm	Units
PVC Salem	75008	8	2,7	50 pcs
PVC Salem	75010	10	3,0	50 pcs

IPA-CATH - double lumen drainage - analgesia catheter

for interpleural drainage and drug delivery

- second lumen for application of local anaesthetics
- application lumen Ø1 mm
- delivery port starting 5 cm after last proximal drainage eye

Product	SKU	CH	mm	Units
PVC straight	508.124	24	8,0	20 pcs
PVC rectangular	509.132	32	10,7	20 pcs

FLO4-CATH - High Flow drainage catheter

for interpleural drainage of air and fluid

- large inner lumen
- high drainage volume
- no clotting risk

Product	SKU	CH	mm	Units
PVC straight 500mm	540.118	18	6,0	20 pcs
PVC straight 500mm	540.121	21	7,0	20 pcs
PVC straight 500mm	540.124	24	8,0	20 pcs

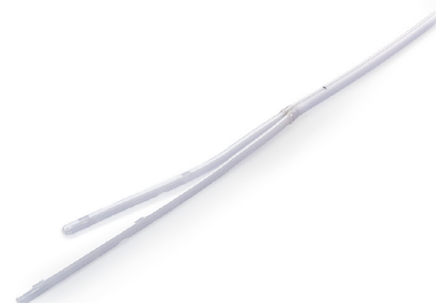

DBY-CATH - Y- mediastinal drainage catheter

for interpleural drainage of air and fluid

- reduce connections
- simultaneously drainage of 2 different areas
- one drainage outlet

Produkt	SKU.	CH	mm	Units
PVC straight 200mm	512.130	22/32	7,33/10,67	10 pcs

Yankauer flexibel with rounded atraumatic tip

for suction of liquid during operation (Single + Set)

- smooth inner wall - maximum flow rate
- transparent - optical occlusion control
- universal connection for all tubes

Product	SKU	CH	Units
Yankauer without suction control	90012	12	100 pcs

Set with suction control, tube 2m	91019	22	50 pcs
Set with suction control, tube 2m	91020	28	50 pcs

Yankauer rigid with rounded, atraumatic tip

for suction of liquid during operation (Single + Set)

- usable as a retractor
- transparent - optical occlusion control
- ergonomic handle

Product	SKU	CH	Units
Without suction control	91001	18	100 pcs

Product	SKU	CH	Units
With suction control	91002	18	100 pcs

Product	SKU	CH	Units
Set without suction control, tube 2m	91003	18	50 pcs

Product	SKU	CH	Units
Set with suction control, tube 2m	91004	18	50 pcs

Surgery

Poole suction instrument

for continuous suction in the deep abdomen

- atraumatic - many small eyes
- high suction rate through large inner eyes
- for continuous suction

Product	SKU	CH	Units
Without suction control	91007	-	100 pcs

Product	SKU	CH	Units
Set without suction control, tube 2m	91008	-	100 pcs

Bubble connecting tube

for connection with Yakauer and vacuum suction system

- integral funnel end on both ends
- transparent - visual occlusion control
- kink resistance - thick wall

Product	SKU	Length/m	ø/mm	Units
Sterile bladder catheter	92001	2	5	50 pcs
Sterile bladder catheter	92002	2	7	50 pcs
Sterile bladder catheter	92003	3	7	50 pcs
Sterile bladder catheter	92004	3	5	40 pcs

Product	SKU	Length/m	ø/mm	Units
Non-sterile bladder catheter	92010	30	7	1 roll
Non-sterile bladder catheter	92011	30	5	1 roll

Diagnostic

preOx-HUT

Helicobacter Urea Test

- simple and safe handling
- quick result in 2-10 minutes
- cost effective

Produkt	SKU	Filling volume	Units
preOx-HUT	200.050	250 µl	40 pcs
preOx-HUT	200.060	500 µl	40 pcs
preOx-HUT	200.070	500 µl	20 pcs
